Brian Lapolla, AIA, MBA, LEED AP BD+C is Vice President for Facilities, Engineering, Planning, Construction & Public Safety at Akron Children's Hospital. He oversees all planning and design, construction, space allocation, engineering and facilities, emergency preparedness, public safety and parking for the organization. Prior to this role, Brian served as Executive Director in Planning, Design and Construction at Akron Children's. Brian earned his Bachelor and Master of Architecture degrees from Ohio State University and is pursuing his Master of Business Administration in Kent State University's Executive MBA program. Brian is a licensed architect in the State of Ohio and is LEED accredited from the United States Green Building Council.

Brian is active in the community, serving on the Silver Lake Planning Commission, Safety Committee for the Boys and Girls Club of the Western Reserve and previously a member of the American Institute of Architects Akron Chapter and as an adjunct faculty member at Kent State University.
