

Nathan Boskovich is a Digital Product Manager at Medical Mutual of Ohio. Nate takes on a variety of roles in the maintenance and enhancement of the member and group administrator digital applications, including data analysis, project requirement gathering, user research, and development prioritization. Prior to this position, Nate worked at Software Answers in data reporting and product support for the Progress Book education applications. He graduated from The University of Toledo College of Pharmacy and Pharmaceutical Sciences with a Bachelor of Science in Pharmaceutical Sciences, majoring in Medicinal and Biological Chemistry. Nate grew up in Brecksville, OH where he fostered a lifelong passion for the musical arts, playing trumpet and singing in a variety of musical ensembles and theater productions. He is currently a singer in the Cleveland Pops Chorus.
