SUMMIT CHORAL SOCIETY, CHILDREN'S CHOIR PROGRAM - (AKRON, OH)

The musical ingenuity of Summit Choral Society's (SCS) Children's Choir Program (CCP) will continue this season with new, innovative programming. After holding a safe and successful Summer Music Session for participants of the Children's Choir Program in early August, significant modifications were made to the children's programming for the season. These revisions reflect the reality and impact of living with COVID-19 and reflect SCS's dedication to serve the community and its ability to adapt in order to do so. Programming this season consists of the high-quality choral experience the community expects, focusing on education and positive, impactful musical experiences over performances from previous years. SCS's expanded programming provides a well-rounded musical education through in-class musicianship and extension experiences, new this season! Extension experiences are instrumental based experiences and include drumming, pitched percussion (xylophones, glockenspiels, *Boomwhackers*), mindful wellness/*Dalcroze*, and dance. Sessions for children follow health and safety mandates as well as recommendations from national aerosol studies on singing and consultation with local medical professionals to help ensure the health and safety of all participants.

Summit Choral Society is proud to reside and rehearse in Summit Artspace, Akron's *Place for the Creative*, new this season!
